HSSMS MT letter of solidarity

Dear colleagues,

following the tragic events of the terrorist attacks that occurred 22nd of March in Bruxelles, I extend to the families and friends of the victims heartfelt sympathy and solidarity.

Croatian trade union of nurses and medical technicians condemns all types of violence and terror, inequality and discrimination.

On behalf of Croatian trade union of nurses and medical technicians and myself I express support to all Belgian workers and colleagues in trade unions.

Our thoughts are with the victims, their families and friends, and to you and your colleagues I want a lot of power in these difficult days.

We will together continue to stand in solidarity, liberty and democracy, respect and social justice.

In solidarity,

President of the General Council HSSMS MT

A. Prašnjak
